# LED Retrofit 5CCT Selectable Downlights

## Product Specifications

TCP's LED Retrofit 5CCT Selectable Downlights are the perfect choice for remodeling or new construction projects. The slim, energy-efficient design is easy to install and offers a rated lifetime of 50,000 hours.

## Reasons to choose the LED Retrofit 5CCT Selectable Downlights from TCP

- Mounts directly to recessed can (4", 5", or 6") for easy installation with integrated trim, including pigtail and spring clips
- Easy installation
- Dimmable
- Excellent color consistency
- Selectable CCT (27K/30K/35K/40K/50K)
- 50,000 hours rated life
- Backlit technology
- UL approved for damp locations

## Ideal Applications

- Retrofits
- New construction
- Residential
- Office
- Retail
- Hospitality
- Drop ceilings
- Remodeling

# LED Retrofit 5CCT Selectable Downlights

## Applications

These dimmable downlights are perfect for retrofit or new construction installation in residential or low ceiling height commercial settings.

## Construction

Mounts directly to recessed can (4" or 5"/6") with integrated trim for easy installation, including pigtail and spring clips.

## Electrical

- UL approved for damp locations
- Easy installation with integrated E26 base adapter
- 50,000 hours rated life

## Optics

- Excellent color consistency
- Smooth, uniform dimming
- Highly-efficient LEDs and driver
- Triac dimming

## Listings

- cULus Listed, RoHS

## Warranty

- Five year limited warranty against defects in manufacturing

| | SCL-153PR |
| | SELV-300P |
| | TGCL-153P |
| | MRF2S-6ELV120-WH |
| LEVITON | 6811 |
| | 6602 |
| | 6631 |
| | 6672 |
| | 6672-L |
| | 6674 |
| | DSL06 |
| | IPL06 |
| COOPER | DAL06P |
| | SAL06P |

*Dimming compatibility tests are performed under a controlled lab environment. Field conditions may vary from this type of environment. Dimmers may differ by age and versions under the same item number which may affect compatibility. Compatibility may also extend beyond this list as TCP products should work with most C-L Type Triac Dimmers. TCP recommends trying a few dimmer-lamp combinations in an on-site test to ensure compatibility and performance before a major installation. If there's a dimmer not on this list we can perform a lab test for compatibility.
