The SoliDrive Series of Constant Voltage Class 2 LED Drivers from Magnitude Lighting offers both UL Listed and UL Recognized style enclosures. The UL Listed type enclosure has a built-in junction box on both the input and output.

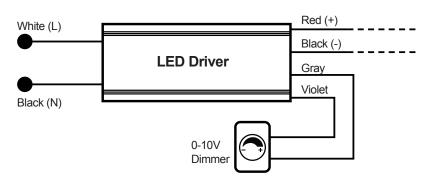

These drivers are IP65 rated and are suitable for both indoor and outdoor installations. With universal input voltage ranging from 120 to 277VAC, the SoliDrive series of drivers are designed for commercial, industrial and residential applications. Our 0-10V dimming delivers smooth flicker-free linear dimming down to 1% with most LED's and a wide variety of compatible dimmers.

As always, 5-year warranty is a standard on all of Magnitude's products.
