- Casino

Applications

- Recessed Cans
- Track lighting
- Elevators
- Signs

Product Description

Rough Service incandescent light bulbs have an unprecedented 20,000-hour rated life – that's up to 28 times longer than the life of a standard incandescent light bulb! Rough Service light bulbs boast a durable seven-support filament mounting, triple alloy tungsten filament, brass base to prevent corrosion, and three separate getters.

This 30-watt R20 Rough Service incandescent light bulb has a light frost finish and a spot beam spread. It is suited for recessed cans, track lighting, and outdoor signs.
