

Description

These xenon bulbs produce a whiter, brighter light, run cooler and last longer than halogen bulbs. They provide light that is color accurate and make colors more vibrant and more realistic.

Specifications

- **MOL:** 1.833"H x 0.49"D
- **Volts:** 120V
- **Estimated Yearly Energy Cost:** 2.41
- **Equivalent:** 20
- **Life Year:** 3.6
- **Life:** 3.6 years / 4,000 hours
- **Color Temperature:** 3000
- **Life Hours:** 4,000
- **Base:** G8
- **Energy Used:** 20 Watts
- **Lumens:** N/A

Features

- Bulb Type: Halogen
- Bulb Shape: JCD
- Usage: Cabinet Lighting
- Finish: Clear
- Bright White Light
- Dimmable
