CCT-SERIES

Constant Current Electronic Phase-Dimmable LED Driver

The CCT-Series is an electronic Class 2, phase-dimmable, LED driver with a low-profile and compact hard plastic case that is sized for lighting fixture applications. The driver features over-current and short-circuit protection, as well as an efficiency of over 90%, resulting in a low-operating case temperature. The CCT-Series driver is phase-dimmable with both leading and trailing edge dimmers.

Installation: Wire Leads
