Product Description

Spiral-PAR CFLs provide up to 80% energy savings with the same attractive style as halogen PAR lamps. Their hard glass cover is weather-resistant and safe for outdoor applications, and they are available in standard PAR shapes that fit in existing recessed cans and track lights.

This 9-watt PAR20 Spiral-PAR CFL can replace a 50-watt incandescent or a 35-watt halogen bulb and save up to 80% on energy. It has a cool 4100K color temperature and a long 8,000-hour life that reduces replacement and maintenance costs.
