

DEFINITY™ PAR16

BENEFITS

- 6 Watts – 80% more efficient than comparable 30 Watt Halogen lamp.
- Maintenance free operation, lasts up to six times longer than halogen lighting.
- Two beam distributions.
- Available from 2700-5000K CCT.

FEATURES¹

Equivalent Source	Up to 30W Halogen
L70 lumen depreciation design criteria =	30,000 hours
Housing	Aluminum
Socket	E26
Beam Spread Narrow Flood, Flood	25°, 40°
Operating Temperature	-20° C to +40° C
MOL	1.969 in, 50mm
Voltage	120 VAC
Weight	0.11lbs., 50g
Warranty	3 year limited
Dimmable	No

Specifications supplied are nominal. Please refer to the DOE's Lighting Facts Tolerance Guidelines.
¹ Values are nominal, advances from further innovation, specifications are subject to change.

² Non dimmable.

²Three year limited warranty.

Cautions

- Turn power off before inspection, installation, or removal.
- Risk of Electric Shock – Suitable for damp locations. Do not use where directly exposed to water or weather.
- Not for use in completely enclosed recessed fixtures.
- Do not open – no user serviceable parts inside.
- North America use on 120VAC, 50 - 60 Hz circuits.
- This device is not intended for use with emergency exit fixtures or emergency exit lights.
- This device complies with Part 15 of the FCC rules and has been tested and found to comply with the limits for a Class B digital device. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. Any changes or modifications not expressly approved by the manufacturer could void the user's authority to G25, A19, R20 and R30 operate the equipment.
