¹ Useful Life is defined as the point in time at which the LED will maintain at least 70% of its initial lumens. The LED will continue to operate past this point at decreased light levels.

² May not be compatible with all Dimming systems, Dimming performance may vary by system. Please check www.halcolighting.com for up-to-date dimmer compatibility information. Use on incompatible systems may shorten lamp life.

³ To view our DLC qualified products, please consult the DLC Qualified Products List at www.designlights.org/qpl
