A {ATLAS} SERIES - 100W

24v

DRV-24100-A

FRANCE TRU POWER
POWER SUPPLIES

IP68 WETLISTED | 120 - 277 VAC | c UL us LISTED E468013 | RoHS | UL LISTED CLASS 2 CLASS P

BUILT TO WEATHER THE MOST CHALLENGING INSTALLS

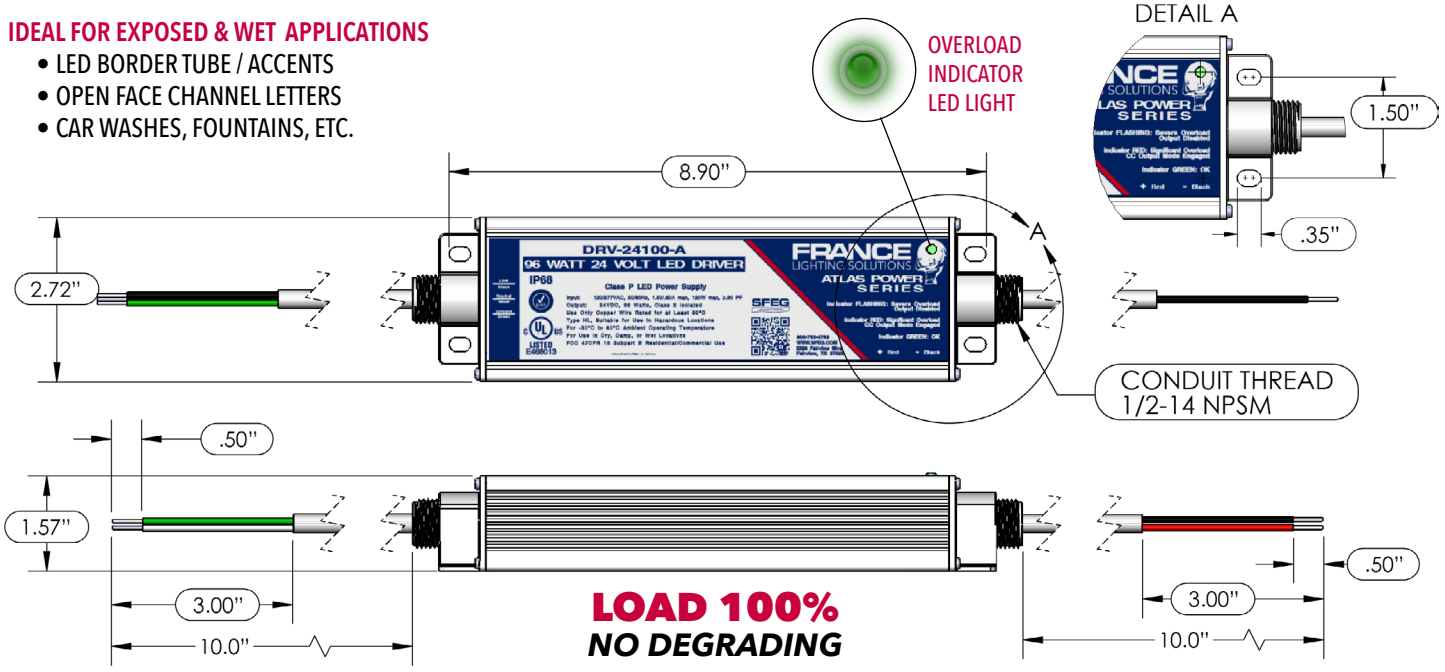

TRULOAD OVERLOAD PROTECTION | TRUVOLTAGE LED EXTENDED LIFE | TRUCURRENT SPIKE PROTECTION | TRUCURRENT SHORT PROTECTION | TRUCOOL HIGH EFFICIENCY | TRUCONDUIT CONNECT WET APPLICATIONS | MAXIMUM WATER RESISTANCE | WARRANTY 7P/7L & 5P/5L

France TruPower Power Supplies are built with integrated technology to produce the best power supply in the sign industry. Our TruBuild method protects your LED lighting source by controlling current, voltage and heat through tight circuitry integration. The result is a power supply that provides TruLoads, TruVoltage, TruCurrent, and TruCooling. For more details on each of these features and more click this link: ***Product Series Comparison Chart***.

MODEL #	OUTPUT	INPUT	OPERATING TEMPERATURE	UL LISTINGS	INSTALL ENVIRONMENT	WIRE LEADS	WEIGHT EACH	PACKAGING
DRV-24100-A	24VDC, 96 Watt 4 Amp, Class 2 No Min. Loading Required	120/277VAC 50/60Hz 1.2 / .60 Amp Max	-30°C to 60°C -22°F to 140°F	CLASS 2 CLASS P	**WET**, DRY & DAMP	10"	2 lbs.	10 / CARTON

IDEAL FOR EXPOSED & WET APPLICATIONS

- LED BORDER TUBE / ACCENTS
- OPEN FACE CHANNEL LETTERS
- CAR WASHES, FOUNTAINS, ETC.

LOAD 100%
NO DEGRADING
