

EncapSulite®

ProGuard®

SHATTER RESISTANT LIGHTING

EncapSulite shatter resistant lamps deliver superior protection against accidental lamp breakage. **ProGuard** PC shatter resistant lamps are suitable for incidental food contact in federally inspected food, meat and poultry plants. **ProGuard** PC is specially formulated to block 95% of harmful UV rays emitted from fluorescent lamps. A perfect solution for standard linear T8 and T12 fluorescent lamps. EncapSulite shatter resistant coatings are UL recognized for safety and UL-EPH certified for environmental and public health.
