Product Description

The new ProLED Select Flood Series offers the best value in the Commercial & Industrial Floodlight market. The FLFS Flood Series combines performance, design, and the option to select between three color temperatures in one competitively priced fixture. The FLFS Series product is made of high quality, die-cast aluminum with a poly-carbonate lens and an integrated heat sink. Combine that with a watertight, IP65 rating and you have a extremely durable fixture with a L70 of over 100,000 hours. With multiple lumen packages and mounting options, the ProLED Select Flood Series is the right fit for almost any outdoor lighting application.
