

23W / 5000K

【GL-WJ23WC】

- Long lifetime: 100,000 hours
- Lumen output: 1350lm
- Lumen output: 1900-2300Plm
- High color rendering index: > 80
- Quick start: instant start and re-strike
- Dimension: 78*62*182mm
- High-frequency operating: no flick and comfortable illumination for eyesight protection
- Low lamp lumen depreciation. Optional color temperatures: 2700K / 3500K / 4000K / 5000K / 6500K
- Constant wattage output: the output lamp power varies less than 3% with the input voltage fluctuation up to 20%
- Low harmonic distortion: THD<10%
- Lampbase: E-27 (Medium base)

Specifications

Model#	Power Frequency(HZ)	Ballast input voltage(V)	Ballast input current(A)
GL-WJ23WC	AC50	120	0.34
	AC50	220	0.18
	AC50	277	0.16
