

12 Volt AR111

COB LED Chip 12 Watt

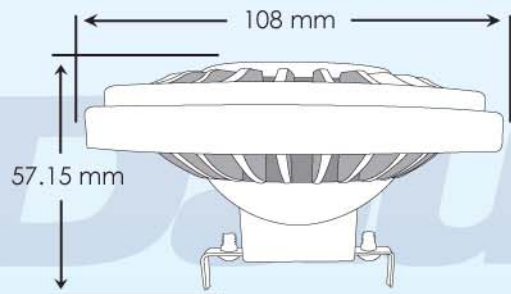

The DauerLED 12 Watt COB AR111 is a high powered low voltage LED lamp. The CREE XBD CHIP PAR36 is a highly efficient LED which uses only 12 Watts of energy while maintaining a very nice quality of light. It is virtually identical in physical size to a standard AR111 which makes it ideal for many different lighting applications including retail lighting, accent lighting, recessed lighting, track lighting, landscape lighting, and architectural lighting. DauerLED products contain no mercury.
