Description

Miniature Bi-Pin Base, G4, G6.35, GY6.35, GX5.3 MR16, GZ4 MR11, Halogen, Incandescent, Ceramic Body Lampholder, Mounting Holes, , Side Wired, - White

Product Features

Lamp Socket Base: Miniature Bi-Pin

ANSI Lamp Type: G4, G6.35, GY6.35, GX5.3 MR16, GZ4 MR11

Mounting Type: Mounting Holes

Access: Side Wired

Termination: 12-Inch 18GA SEW-1 200C Wire Leads

Standards and Certifications: UL/CSA

Warranty: 1 Year Limited

Availability: OEM Only

Features and Benefits

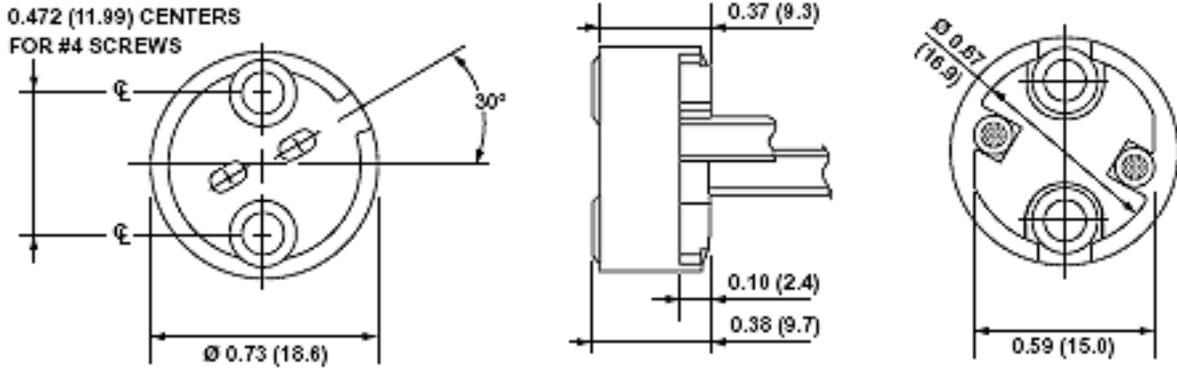

- **WARNING:** Miniature Quartz Halogen Lamps operate under pressure and high temperatures. To prevent socket damage, the design of the fixture and its application must be carefully considered. For Leviton warranties to apply to this product, lamp wattage, current and beam spread must be controlled to insure that the following temperature limits are never exceeded.
- At contacts within socket - 225C
- Socket lead wires - 200C
- **NOTE:** Maximum rating of 250C available when appropriately rated leads are used.

Electrical Specifications	
Max. Wattage Rating	750W
Max. Voltage	250 Volt
Max. Amperage	12 Amp

Mechanical Specifications	
ANSI Lamp Type	G4, G6.35, GY6.35, GX5.3 MR16, GZ4 MR11
Lamp Socket Base	Miniature Bi-Pin
Access	Side Wired
Termination	12-Inch 18GA SEW-1 200C Wire Leads
Wire Strip Length	1/2 Inch

Material Specifications	
Body Material	Ceramic Body
Cover Material	Mica
Contact Material	Nickel-Plated Copper-Alloy
Color	White
Availability	OEM Only

Standards and Certifications	
UL Recognized	Component E13405
CSA Certified	File LR-1863
