

MORE ON OTHER SIDE

**STOCK & CUSTOM WRAP-AROUND DIFFUSERS**

OVER 1000 DIFFERENT SHAPES

1. Remove the old diffuser from the existing light fixture.

2. Place the end of your present diffuser on a clean sheet of paper and trace the inside and outside of the diffuser.

3. Measure the exact length of the old diffuser.

4. If end caps are desired, send a sketch of the end caps with a sketch of the diffuser.

5. If the diffuser and the end caps cannot be sent, send your original drawings and dimensions to Louvers International, and our custom fabrication division will respond to your inquiry immediately.
