5-Watt Micro-Brite Cold Cathode C11 BT CAND LO White 2850K

MICRO-BRITE™

Markets

- Restaurants
- Hospitality
- Cinema

Applications

- Chandeliers
- Decorative Lighting
- Dimmable Fixtures
- Wall Sconces

Product Description

Micro-Brite cold cathode light bulbs are dimmable down to 5% of their light output. They provide smooth dimming control that works just like incandescent on standard dimmers, so no additional equipment is necessary. They also have a super long 18,000-hour life that drastically reduces maintenance and replacement costs.

This 5-watt C11 bent tip Micro-Brite light bulb has a white finish and can replace a 30-watt C11 incandescent bulb to provide up to 85% energy savings in a variety of decorative applications, such as chandeliers, vanities, and wall sconces. It has a warm 2850K color temperature and a candelabra base.

Specifications

Category	Cold Cathode
Shape	C11
Brand	Micro-Brite
Part Number	MB-549DP
Watts	5
Base	CAND LO
Voltage	120
Average Rated Life	25,000
Case Quantity	30
Initial Lumens	200
CRI	82
Color Temp	2850K
Finish	White
Burn Position	Universal
M.O.L.	5"
Operating Temp	5°F - 105°F
Power Factor	> .90
THD %	<30%
Incandescent Equivalent	30 watts
Energy Savings (Incandescent)	\$68
