

HIGH BAY LIGHTING SOLUTIONS

SMART, SIMPLE, SAVINGS

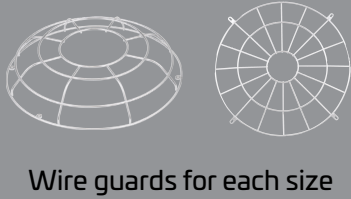

eiko.com

HBX3 PERFORMANCE

Built for the toughest applications involving high power, high voltage, and high temperature.

MOUNTING OPTIONS & ACCESSORIES

FEATURES AND BENEFITS

- Wattage range: 80W - 300W
- Color Selectable (Field CCeT): 4000K/5000K
- Input voltage: 120-277V, 277-480V
- Lumen packages: 12,800 – 48,000 lumens
- Surge Protection: 10kV included, 10kV/20kV optional
- Emergency Lighting Solutions: 40W emergency battery pack options (field installed)
- Controls Ready: Standalone or networked (via Silvoir app)
- NEMA 4X Rated, NSF Rated option

BAYE3 VALUE

Mainstream, contractor focused, round high bay for mid-power requirements up to 240W and 120-347V input voltage.

FEATURES AND BENEFITS

- Wattage range: 90W - 440W
- Color Selectable (Field CCeT): 3500K/4000K/5000K
- Input voltage: 120-347V for Canada, 120-277V for US
- Lumen packages: 13,500 – 66,000 lumens
- Surge Protection: 6kV included
- Emergency Lighting Solutions: 40W emergency battery pack options (field installed)
- Controls Ready: Standalone or networked (via Silvoir app)
- Matte black or white finish
