

TOMAR 490S-120V-RED

GENERAL CHARACTERISTICS	
Lens Color	Red
Voltage	120VAC
Flashes per Min (FPM)	60 to 80 flashes per minute
Frequency	50/60Hz
Encapsulation	Fully potted in urethane material with no exposure to High Voltage possible
Mount	1/2" Female Pipe
Amperage	120VAC draw 0.07A average
Operating Temperature	-40 C to 65 C

Light Output	50 effective candlepower (ECP)
--------------	--------------------------------

Joules	2.3 joules per flash. 230,000 peak candlepower
--------	--

DIMENSIONS	
Height	5.00in (127.00mm)
Diameter	3.00in (76.00mm)
