

Electromagnetic ballasts

Type: L13II.174(LF)(F)120V/60HZ

Item number: 163233

Super-thin version
with mounted lampholder
Vacuum-impregnated with polyester resin

Lamp type:	TC-D
Output [W]:	0013
Voltage [V]:	120
Shape [mm*mm]:	18x41
Stack length [mm]:	058
Fixing centre [mm]:	140
Overall length [mm]:	155
Protection from overheating:	Temperature fuse
Encapsulated:	No
With mounted lampholder:	GX23-2
Delta t Max. [K]:	25
Connection:	Push-in terminal
Earth terminal:	Yes
Frequency [Hz]:	60
Protection class:	Class of protection I

Unit: 10 pcs.

With groove for reflector attachment
tw 130
EN 60920 (Safety)
EN 60921 (Working method)
