

Electromagnetic ballasts

Type: L40.237 220V/60HZ

Item number: 168170

Standard version

Vacuum-impregnated with polyester resin

Lamp type:	T8
Output [W]:	0040
Voltage [V]:	220
Shape [mm*mm]:	28x41
Stack length [mm]:	067
Fixing centre [mm]:	137
Overall length [mm]:	155
Protection from overheating:	Without thermal cut-out
Encapsulated:	No
Delta t Max. [K]:	55 EN
Connection:	Push-in terminal
Earth terminal:	No
Frequency [Hz]:	60
Protection class:	Class of protection I

Unit: 10 pcs.
